

# Indian Biomedical Skill Council

## Partnership Form

### Mission of Indian Biomedical Skill Council (IBSC):

The “Indian Biomedical Skill Council (IBSC)” shall put in place an equivalence system of value-based assessment covering educational training, work experience and competency possessed by practitioners of biomedical engineering skills.

### IBSC Objectives:

1. To formulate equivalence structure based on experience, skill and qualification for Biomedical engineering sector.
2. To develop appropriate recognition platform/strategy in Biomedical engineering skill sector.
3. To provide certification for trainees after methodological assessment of skills & competencies, as per norms of the Council.
4. To achieve global mobility of skilled biomedical workforce from India through international equivalence partnerships.
5. To identify and engage in national and international collaborations for the promotion of Skills in Biomedical sector.

### Benefits & Obligations:

1. As a partner to the council, I/We shall undertake to support the activities of the council by participation, technical support, knowledge dissemination and promotion of bio-medical skill assessment.
2. As a partner to the council, I/We shall voluntarily participate in technical activities of the council including building of knowledge repositories and assessment modules.
3. As a partner to the council, I/We shall voluntarily participate in assessment by hosting an assessment centres for applicants.
4. As a partner to the council, I/We shall accept the assessment fee provided to the assessment centres as may be decided by the council.
